

CREW VAN TASK AND PRESENTATION CHECKLIST

PURPOSE

This checklist is designed to ensure every crew van carriage is cleaned to a consistent, professional standard. The objective is not simply to complete cleaning tasks, but to leave every carriage visibly clean, hygienic, well-presented and ready for occupancy by train crew.

RECOMMENDED CLEANING SEQUENCE

To improve efficiency and maintain a consistent standard, complete the carriage using the same workflow every shift.

Avoid moving back and forth between different areas of the carriage. Instead, complete each section before moving on to the next.

Recommended workflow:

1. Complete the initial walkthrough and remove all rubbish.
2. **Complete one bedroom at a time:**
 - Remove & count dirty linen.
 - Make the bed with fresh linen.
 - Wipe all bedroom surfaces, clean mirrors, window ledges, doors, switches and handles.
 - Perform a quick visual inspection before leaving the room.
 - Repeat this process until all bedrooms have been completed.
3. Complete the Kitchen.
4. Complete the Shower Vestibule.
5. Complete the Toilet Vestibule.
6. Complete the Lounge / Dining Area.
7. Complete all Entryways and Hallways.
8. Vacuum and mop all floors throughout the carriage.
9. Complete the Final Presentation Inspection before signing off.

Working in the same order every shift helps prevent missed tasks, reduces unnecessary walking, and ensures every carriage is presented to the same professional standard.
